HOW CAN YOU HELP SAVE WILDLIFE?

1 Plant flowers, trees and bushes to give animals a place to live and eat.

2 Don't litter! Recycle paper to help save forest habitats.

3 If you see an animal who is injured, contact a local wildlife centre or animal shelter for help.

What do the LEGO® City ocean explorers and the LEGO Friends have in common? They are both doing their part to help the planet. Let's take a look at why exploring the seas and saving endangered animals is so important. Then check out ways you can help!

1 Turn water off (inside and outside) when you don't need it.

2 Bring a trash bag with you when you go to the beach and clean up litter.

3 Use reusable bottles, straws and other containers.

BE A CHAMPION OF THE WORLD!

Do you have old sports equipment sitting around? Not sure what to do with it? Here are some awesome ideas for what you can do with your sports gear!

1 Donate old tennis balls to schools!

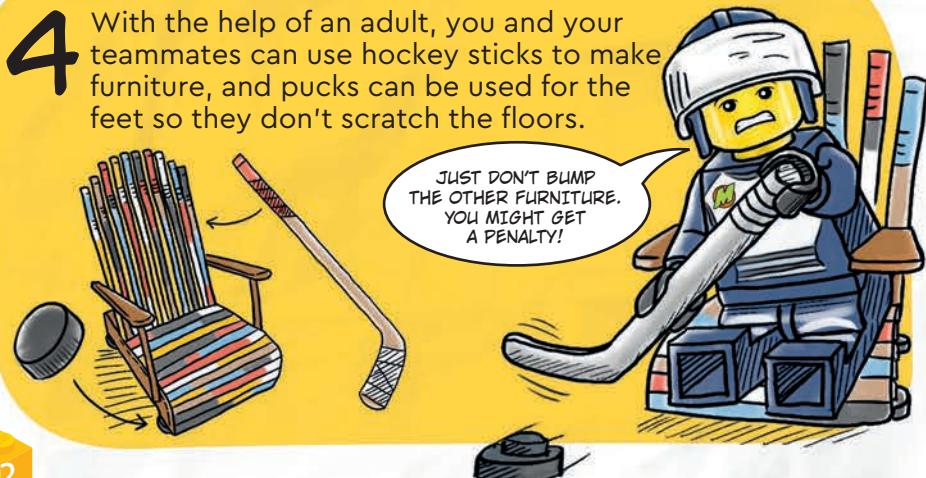

2 Old golf balls can be painted to look like birds or other animals and used as part of holiday decorations in your house.

3 Cut an old basketball in half, poke little holes in the edge, and it makes a great hanging planter!

4 With the help of an adult, you and your teammates can use hockey sticks to make furniture, and pucks can be used for the feet so they don't scratch the floors.

GET CREATIVE WITH YOUR MAGAZINES!

Do you have magazines around your house you don't need anymore? Here are some fun things you can do with them!

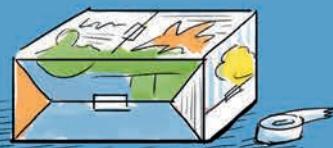

MAKE A DIORAMA

Cut out a picture from a magazine and paste it to the inside of a box. Now you have a background for a minifigure scene!

WRAP GIFTS

Magazines make great wrapping paper! They are colourful and different and will make your gifts look special.

MAKE A COLLAGE

With some cardboard, glue, and scissors (get a parent to help), you can make a collage using some of your favourite magazine pictures.

SHARE YOUR IDEAS TODAY!

LEGO® HOUSE PRESENTS THE MASTERPIECE GALLERY!

Check out these awesome LEGO® models! These are just some of the Adult LEGO Fan creations on display in the Masterpiece Gallery at LEGO House in Billund, Denmark. What do they inspire you to build?

“EXOSKELETON”

Builder: Milan Sekiz

“I don't have a particular theme I build around all the time ... I literally draw inspiration from everything around me.”

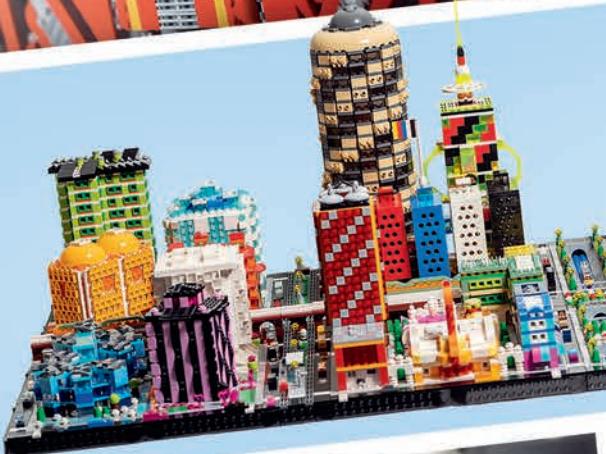

Fun Fact: Milan's model is also wearable!

“MICROPOLIS CITY”

Builder: Caroline Mockett

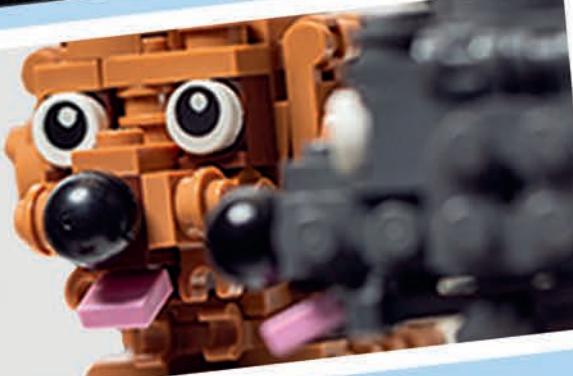

“Never dismiss a part until you have tried using it for something it wasn't intended for. Play with them, explore them and see what happens!”

“DOGS”

Builder: ZiO Chao

“The nose is a ball-joint part. ... somehow it looks cute and perfect as the dog's nose.”

“CORAL REEF”

Builder: Ryan Van Duzor

“Don't get upset if your build breaks, use it as a chance to practice and try new things. Sometimes a broken creation is the mother of new creations!”
